

Safe Family Application

Safe Places - Safe Families - CARE72

Welcome to SafeKids.

We are so pleased to partner with you to serve and protect these young people. The students we serve are boys and girls ages 12-24 and are attending school or in the process of returning to the classroom.

Our Safe Families Program works with community members who are willing to open their homes to these homeless students. This handbook aims to answer your questions on how our program works, and how you as a community member can partner with us.

A BRIEF DESCRIPTION OF THE STUDENTS WE SERVE

These youth that we serve are not your typical students, they come from many situations and varied degrees of brokenness. Most are used to relying only on themselves and it is hard to understand why strangers would care when their own flesh and blood may not. They are hungry and tired but will not ask for assistance because they are afraid to ask for too much or they won't get anything. These students have been sleeping in the woods, in cars, or on friends couches or floors. Even if they have been living inside on a couch they probably have not asked or received food, a shower, etc. These youth are resilient and still get up and go to school each day because they know education is their way out and the only thing they can control.

WHO CAN BE A HOST FAMILY

Anyone is eligible to be a host family as long as they have a bedroom available and the finances to be able to provide room and board for the student. We have an extensive application process to protect the students and our Safe Families, but once you and the students complete this process, you can begin helping these students find hope. If you are in a rental, please make sure that your landlord is in approval of your taking in a student.

WHAT IS THE APPLICATION PROCESS

All potential host families are required to fill out an application and will go through a comprehensive background check process. The home is inspected for safety for the youth and an interview process commences. Discussions about gun safety, alcohol storage, and prescription drugs will be included in the "In-Home" training that each host family receives from a trained staff member. This process is extensive for the safety of the students as well as for our Safe Families who volunteer to help.

AGE AND GENDER

A host family can determine the age range and gender of the student they are willing to house. Some homes already have biological children in them or they may consist of a

Safe Family Application

single woman or man, with these considerations a student is placed in an appropriate home where everyone is comfortable and safe.

CARE72 - EMERGENCY CARE

Host families may choose the length of stay they are willing to provide, but we ask that all host families be willing to house at a minimum of three to seven days. This gives our students a chance to regroup after a usually traumatic separation from their current living situation. Short term families are trained to be emergency placements with the understanding that these students will be transitioning into another more permanent situation. These placements will happen without prior meeting of the student, but are guided by a trained staff member who will assist with the transition. Host families who desire to be emergency placements will be well trained in the emotional and social aspects that these types of youth experience. Youth mental first aid and rights

LONG-TERM CARE

These placements can last from 2 weeks to 2 years or even longer if you wish and are able. We do ask for people to consider housing a student for the rest of their school year so that their education is not disrupted. Our goal is always reconciliation between the students and their own families, but in some instances where there can not be any reconciliation, some Safe Families may wish to continue to care for the student even longer through their college years. That will be up to the students and your family if you wish to continue a students care. Safe Families may quit the host family program whenever they desire, we just ask for a minimum of two weeks to locate a new home, unless there is a discipline issue, then the student will be removed immediately.

WHEN WOULD YOU RECEIVE A STUDENT

Most commonly the application process takes 2 weeks once the student is introduced. In the case of a crisis, the process can be rushed in 2 or 3 days. If a host family is wanting to do emergency care, the "move in" time is immediate (see emergency care). If you are wanting to be a long term host family, then you will go through a series of interviews. First, in a public place where the student and host family can get to know each other where it is more comfortable, then, if both parties want to move forward, the student will meet the potential host family in their home.

LIABILITY

Host families biggest concerns stem from the issue of liability. Host families are required to provide SafeKids proof of both their homeowners and vehicle insurance. Once a student steps over the host family's threshold, they are considered a visitor of that home. If anything should occur, the above insurance policies should cover the students. Students under the age of 18 living in a host family are still under the legal responsibility of their permanent guardian. Host families are not permanent legal guardians. Students 18 and older are legally responsible for their actions and will be dealt with as adults.

Safe Family Application

PERMISSION FOR TRAVEL

Once the permanent guardian has signed the permission form, the host family is permitted to travel within the state. If a host family desires to take that student on a trip outside of the state or country, another specific travel form needs to be filled out by the permanent legal guardian. All students over 18 do not need this form.

DISCIPLINE

Discipline is difficult with new host students because they have been on their own for so long that they are not used to checking in or even having anyone care how their day was. **There is a Safe Families discipline policy** that is given each host family so that they can feel that they are not alone and backed up in situations of discipline.

CURFEW

Once a student is placed in a host family there are expectations on both sides about, chores, homework, curfew, etc. Curfew tends to be the biggest issue for most host homes. Students who have been on their own are not used to being home at a specific time and most do not have cell phones to even call. SafeKids can provide a minute cell phone and minutes to aid in this issue, but it does take time and a lot of communication between all parties and a lot of patience for curfew to no longer be an issue.

HOMEWORK

All students are required to be in school or working toward returning to school in some fashion to remain in the host family program. We know that some students have been out for some time due to illnesses or relocating, etc. so for these students it is tough to transition back. Some students have learning struggles and need extra help. SafeKids can assist with the school, provide tutoring, support a student and advocate for accommodations, etc. Host families who have long term placements will slowly work into being additional school supports for their host students.

TRANSPORTATION

Transportation can be worked out quite easily through SafeKids partnership with the homeless liaisons in the school districts. Students are guaranteed transportation to and from school. Sports, jobs and after school events are not covered by the school transportation department. Safe Kids can help by providing rides to doctors appointments and other non-daily events. Host families will have to work with the student and Safe Kids to cover any transportation issues that can't be covered by any other agencies.

SCHOOL COSTS

SafeKids partners with support groups and the school districts homeless liaisons to provide school supplies. The McKinney-Vento act (the federal mandate supporting homeless youth) allows for student fees to be waived, such as sports fees, lab fees, etc.

CLOTHING / TOILETRIES

Safe Family Application

SafeKids provides clothing of all kinds from pajamas and underwear to jeans and dresses plus toiletry items to host students to help eliminate these costs from the host family. Formal attire for formal dances and interview clothing can also be obtained through SafeKids.

MEDIATION

SafeKids offers mediation services to both host families and biological families. Within a host home communication is a difficult thing. Host families are not sure how to bring up tough subjects and the host student is ALWAYS scared that they will be expelled from a host home as they were expelled or not wanted in their last home. Biological families can cause strife within the life of a student, whether they are living with their biological family or not, so knowing that struggles between all of these important people in a student's life can cause added stress, SafeKids offers a safe way for feelings to be shared by all parties.

COUNSELING

SafeKids offers counseling services through ***Mediate and Restore. Students who do not already have a mental health professional can be seen through this resource at no cost to the host family.

CASE MANAGEMENT

SafeKids will have in-depth case management for all students they serve. SafeKids offers host families 24/7 on call support for families and students through, phone, text, email, etc. Safe Kids provides student support with FAFSA applications, Social Security, DMV, and other processes through these and other state and federal departments. SafeKids staff work with support in the areas of juvenile justice, mentoring, tutoring, counseling, etc. Students are supported with doctors and schools when a supportive adult is needed. SafeKids encourages host families to work alongside the SafeKids staff as much as possible to create a positive living environment for all. The support that is offered is not offered solely to the student. The SafeKids staff are there for mediation, training and counseling to the host family as much as the family is in need or desire of.

Key Points:

- I/we understand that I/we will be allowed to host a child only after submitting an approved home safety check as well as criminal clearance checks.
- I/we agree to pay for the costs to provide room and board.
- I/we understand that the child's stay is not guaranteed and may be cancelled for various reasons.
- I/we understand that the program cannot refund funds to a host family after the funds have been committed or spent.
- During my/our involvement with this program, I/we agree to engage in a conduct that is appropriately respectful of others and to abide by any incidental instructions that may be given by the program coordinators.
- I/we understand that under no circumstances is hitting or using force towards a student acceptable and that this organization will remove the student from my/our home if abuse is suspected.
- I/we agree to comply with the weekly check-in schedule set forth.
- I/we understand the importance of preparing for hosting a child. Therefore, I/we agree to participate in the training provided.
- I/we understand and agree that the Program Leadership/Board of Directors has the right to reject any application with no explanation.
- I/we understand that this organization is not an adoption agency nor is it affiliated with one. The children participating in the program are not part of an adoption process.
- I/we agree to be sensitive to alcohol consumption by others in the presence of the youth in my/our care.

HOME SAFETY CHECKLIST

Home: _____ Date: _____

Address: _____

Inspection By: _____

GENERAL

- ___ Telephone available in case of emergency
- ___ Well water clearance must be obtained if water is from a private source.
- ___ House appears reasonably neat and clutter free.
- ___ Windows have curtains or shades to provide privacy.
- ___ Windows are intact and open windows can be closed without difficulty.
- ___ Floorings are clean and in good repair.
- ___ Electrical switches and receptacles are in good working order.
- ___ Type of heating, _____, is in good working order, well vented, and able to be turned off.
- ___ Heating capable of heating entire house to comfort. If not, what are alternative modes of heating?
- ___ Air Conditioning system is operable and in good working order.
- ___ Hot water source is large enough for household needs and area around it is clean.
- ___ Hot water is in working order.
- ___ Smoke detectors are working, properly placed, and batteries are checked regularly (every 3 months). A working smoke detector must be present in or outside the student's bedroom.
- ___ Hallways and bedrooms have clear passages, and all rooms including hallways, passages, and outside doorways and walkways have adequate lighting.
- ___ Furniture is in good condition.
- ___ All doors, doorways and screen doors are in good repair, and can be locked from the inside.

Safe Family Application

___ Flashlights are readily available in case of power failure and batteries are checked regularly (every 3 months).

___ If firearms or other weapons are owned and stored in the house, they are stored unloaded in a locked cabinet and ammunition is stored and locked in a separate location.

___ Fire extinguishers are readily available and fully charged, especially in the kitchen.

KITCHEN

___ Refrigerator and freezer are in good condition and maintain appropriate temperatures to prevent food spoilage.

___ Alcohol (beer, wine liquors) are stored away from students (preferred a locked cabinet).

___ Counter, sinks and work areas are clean, sanitary and in good condition.

___ Stove/oven operate properly.

___ Dishwasher (if present) is working properly at appropriate water temperature assuring sanitation.

___ Cooking and eating utensils are in good condition. Adequate place settings and seating in dining area for all household members to eat together.

___ Sufficient kitchen area for food storage and preparation according to the family's size.

BATHROOM

___ All prescription medicines are in a locked box or inaccessible to youth.

___ First Aid is stored in a conveniently reachable place or supplies are in a medicine cabinet.

___ Bathroom facilities are working properly, are clean and sanitary.

___ Adequate number of towels and linens are available for all household members.

GARAGE / OUTSIDE AREAS

___ There is an adequate number of trash containers.

___ Garage is safe. If used for storage, items are stored in a safe manner.

___ If washer and dryer are on the premises, they work properly and the area is free from clutter. If no laundry facilities are on the premises, the plan for laundry is?

___ All chemical cleaners, disinfectants, insecticides, and other poisonous substances are stored away from food storage areas.

___ Power tools and equipment are stored safely.

___ Vehicle(s) are operational with lights, horn and signals working.

___ Vehicle is able to transport all family members with seats and working seat belts for each passenger.

BEDROOMS

___ There are no more than two children per bedroom.

DISCIPLINE POLICY

All of our students will struggle with their new living situation because this comes with nerves, expectations, and desires on both sides. Sometimes these situations should be overlooked, some discussed, and some disciplined. This policy was created to help the Host Family, the youth and the organization define who is in charge of the situation and how to move forward to create a better living environment for all concerned.

Occurrences such as staying in their room, not coming to meals, being quiet, etc. should be overlooked for a short time in the beginning. This occurs quite regularly as students are usually overwhelmed and trying to adjust not only to new people but also new surroundings (sometimes much nicer than they have ever been in before). If this occurs for more than 3 days please contact the office and an action plan will be created such as seeing if it is still a good match, if the environment is too stressful, and then how do we all make the student more comfortable and in turn help the Host Family feel more comfortable.

Occurrences such as consistently not doing chores, talking back, not doing homework, etc. should first be a call into the office and then a plan of action decided and written...things that would be included in this are home visit by a caseworker, finding out if there is more to the situation than it seems, is the student acting out because of outside tensions, school, etc. appropriate discipline actions will be agreed upon by all parties including the student. (Be it understood, that these and more issues usually occur during the 6th through 9th month of living with a host family. These students want to make sure that if they do wrong that they will still be cared for by the family and not be tossed aside again.)

Occurrences such as skipping school, using drugs or alcohol, not coming home, bringing in friends not approved, etc. should first be a call into the office and an emergency home visit would be scheduled. The plan of action is as follows:

Safe Family Application

- First offence – Find out the bigger story and decide on a form of discipline agreed upon by Host Family and Host Family Director.
- Second offence – If the same issue as already been addressed and discipline already occurred for this offence and a similar situation arises then the youth will be given a stronger agreed upon discipline (more days of restriction, house arrest, etc.) and a warning of losing their housing.
- Third offence – If there is a third situation in the same vein as prior, the student will be removed from the home and potentially thrown out of the program. Youth who fall into this category will meet with the staff to determine the likelihood of success with another host home and if found not, and then will be removed from the Host Family Program all together. Youth can continue to receive support through counseling, mediation, and other outreach services.

MANDATED REPORTER ACKNOWLEDGEMENT

“Mandatory reporters” are persons or groups of persons who have frequent contact with children and families and are required by Missouri State law to report suspected cases of child abuse and neglect to CPS or to the appropriate law enforcement agency (162.069.3 RSMo). It is the intent of the law that these designated persons, who are in positions to identify children who are at risk from abuse and neglect, will report suspected child abuse and neglect so that the need for protective services can be assessed.

Mandatory reporter training can be completed online by going to:

<http://www.commpartnership.org/what-we-do/by-division/early-childhood-family-development/mandated-reporter-training/>

Click on the tab and complete your online training. Once you have completed the training and understand your responsibilities please complete this form:

If you would like this link emailed to you, or you are having problems completing the training, please contact us at the office.

I acknowledge that I have completed the training on Mandated Reporting. I understand that as a Host Family / Volunteer, I am a Mandated Reporter to the state of Missouri.
